To Whom It May Concern:

Hafa Adai! I am pleased to submit this letter in support of the GFS Group for their continuing efforts and leadership in bringing the “*Hafa Adai*” can-do spirit to defense contracting in Guam. As a locally owned and operated company, I am very proud of their accomplishments over the last 5 years creating jobs for our people, forging new opportunities for other Guam-based small businesses and helping our island economy by reinvesting their capital locally to grow their operations.

In addition, the GFS Group continues to contribute to our local community by supporting various non-profit organizations such as the Make-A Wish Foundation and Sanctuary, Incorporated. Their charitable efforts have set an incredible example of service.

This is important as we look forward to the continued expansion of the military presence in Guam and I believe that the GFS Group exemplifies the level of services that locally based companies can provide to our service members and their families.

I appreciate your favorable consideration and urge any command to continue this trend of contracting with on-island companies both small and large. I would highly recommend the GFS Group and their collective ability to take on the challenges of fulfilling the Navy’s contracting needs. Their track record with the United States Navy Facilities Support Services speaks volumes to the kind of core competencies that are available in Guam. Should you have any questions or concerns, please feel free to contact me at (671) 472-8931.

Sinseru yan Magåhet,

MICHAEL W. CRUZ, M.D.
