RE: Letter of Support for GFS Group

Dear Sir or Madam:

Buenas yan Hafa Adai! I am honored to extend my highest considerations to the GFS Group for its continued commitment to excellence as a Guam based small business. They represent an excellent example of the kind of work ethic and organization that local companies can provide to meet the present and future military contracting needs on Guam.

Moreover, it is heartening to know that through Guam-based companies like GFS, military expenditures are circulating in our local economy through the creation of local jobs and tax revenues for our local government.

Since its inception, the GFS Group has excelled and presently employs over 350 local employees in a variety of contracts directly related to military support services. They have a well earned reputation as a solid company and community partner both on and off base.

I would highly recommend the GFS Group to anyone looking for a company with vision, professionalism and a willingness to partner to make any project the best that it can be.

Senseramente,

Judith T. Won Pat, Ed.D.
Speaker
